Students have had an exciting time harvesting our very first crop. We have harvested a total of 17 cucumbers and there are more to come! Over the two weeks students are learning two different knife grips and have practised these techniques cutting some cucumbers. The cucumbers were then put to the taste test. Some of the adjectives students used to describe the taste and feel of the cucumber were: juicy, yummy, delicious and squishy.

FOR SALE
Beautiful, crunchy, fresh cucumbers.
Small 50c
Large $1.00

WANTED
Any unwanted pieces of PVC guttering.
