From the Principal:

Congratulations to everyone for a fantastic day yesterday at our Faction Carnival. Once again we are appreciative of the support from our wonderful community and thank everyone who volunteered for roles on the day. Your support makes the day run smoothly. It was lovely to see so many supporters, parents past and present, as well as extended families.

I was impressed to see all students getting involved and the display of sportsmanship was very pleasing with students encouraging and supporting one another. It was a very hot day and students put in their Personal Best right to the very end.

Both factions performed well but congratulations must go to Dempster who are the 2015 winners of the shield!

Our Champions for 2015 are: Junior—Toby and Senior—Riley. Congratulations boys!

**Step 1:** The Juniors explained their designs to their group members, including the Senior students.

**Step 2:** Measure the depth of the star pickets so that they are in the ground safely and at a good height. Students also had to measure to make sure they were all the same height.

**Step 3:** Students measured their garden beds and worked out how much shade cloth they would need to cover it. Students then measured the area on the cloth before cutting it out.

**Step 4:** Students attached the shade cloth to the star pickets with wire.
What an awesome day the Faction Carnival was! It was fantastic to see everyone trying their Personal Best and participate in all of the events. This year was the first time the Kindy students participated in more than 2 events, so a huge congratulations to them for joining in and having a go! I am sure all of the kids slept well last night.

Junior Room

The Junior Room have been working very hard this term and are settling into routines and structure well. Welcome to our new family, I am sure Paige and Gypsy will have a fabulous time making some new friends.

During our Grammar sessions in the first 5 weeks of term 1, the Junior Room have been looking at adjectives, verbs, nouns, proper nouns and collective nouns.

In Maths, we have been looking at 2D and 3D shapes, as well as symmetry, lines and angles. Students are enjoying practising the ‘3D Shape rap’ that we will be performing at assembly. They have also completed a fabulous symmetry activity using picture of their faces.
